WEAVER AFTER
BOGUS VOTERS.
PHILADELPHIA, Aug. 21.—The regu-

today looking to the purging of the
assessor's lists of alleged bogus names.
Mayor Weaver in his crusade for good
municipal government recently ordered
a thorough canvass of the city to de-
termine accurately the number of vot-
ers in each precinct. The canvass was
conducted by the police and other city
employees under the direction of the
department of public safety and at
its conclusion Director Potter
of the department announced
that 80,000 fictitious names had
been discovered on the assessor's list.

regular and improvised hospitals, where all was done that mortal could do to alleviate their sufferings and aid in their recovery, while the dead were taken to the various undertaking establishments where they were prepared for burial; that after an examination of the collapsed furnace flue and from physical tests that we have made, the material of this furnace flue was of good quality; that the ship was found to be filling and settling when a tug was obtained and the ship was towed into shoal water until the ground; but subsequently these valves were closed, the ship pumped out and returned to her anchorage.

COURT'S OPINION.
The opinion of the court follows: "The court is of the opinion that the explosion was caused by excessive pressure in boiler 'B,' which came about first, by shutting the valve connecting the boiler with the steam gauge, instead of the valve on the air-cock alone, as was intended; so that the steam gauge failed to show; and by the failure of the sentinel and safety valves to list at the pressure for which they were set, and the pressure increased until it was beyond the strength of the boiler, which gave way in its weakest part, afterwards found to be the corner of flue No. 2, the lowest, or middle furnace, which collapsed."

The court is also of the opinion that D. N. Holland, fireman, second class, U.S.N., who was the fireman on duty during the explosion, and before the time of the explosion, did by mistake, shut off the steam valve connecting boiler 'B' with its steam gauge, instead of the air-cock, as directed, thus preventing the gauge from recording the steam pressure on its boiler; that Frank de Courcy, chief acting water tender, U.S.N., on watch in charge of this boiler from about 9:15 a.m. until the time of the explosion, did fail to observe that this steam gauge was not recording, and did continue pushing the fire on this boiler, and further, when leaks developed from excessive pressure, did fail to relieve this pressure, which should have been done at once; that E. B. Ferguson, chief machinist's mate, U.S.N., are all now dead, and therefore no legal proceedings can be taken against them.

"The court is of the further opinion that further proceedings should be had in the case of Ensign Charles T. Wade, U.S.N., who was in charge of the engineering department of the U. S. S. Bennington at the time of the explosion and since October 22, 1904, in this, that the said Ensign Charles T. Wade, U.S.N., did fail in his own person to see that the safety valve on boiler 'B' was overhauled at the proper time and kept in good working order, but did accept the verbal statement of his subordinate or subordinates that it had been overhauled in March, 1904, and further, that he, the said Ensign Charles T. Wade, U.S.N., did fail to keep the sentinel valves on the boilers in good working order; and further, that he, the said Ensign Charles T. Wade, U.S.N., did fail to cause the safety and sentinel valves on all the boilers to be tested in accordance with Article 1609, paragraph 12, U. S. N. regulations, 1905, in all of which, he, the said Ensign Charles T. Wade, U.S.N., in charge of the engineering department of the U. S. S. Bennington, was negligent in the performance of his duty, and the court recommends that he, the said Ensign Charles T. Wade, U.S.N., be brought to trial before a general court-martial."

POLAND'S SOCIALISTS CHIEF THE "JOKE."

General Strike Proclaimed Because the Poles Were Disregarded in National Assembly "Scheme" Showing it to Be a Serious "Stroke."

(BY THE ASSOCIATED PRESS.—A.M.)
WARSAW, Aug. 21, 9:15 a.m.—[By Associated Press.] A general strike has been proclaimed throughout Poland as a protest against the disregard of the rights of the Poles in the scheme for representation in the national assembly. This strike began here today. Employees of the Vistula railway quit work, and many trains were left standing at intermediate stations. Eighty Socialists, carrying arms, while attempting to judge the city were opposed by a detachment of Cossacks. Eight Socialists were killed and the others arrested. Employees of factories at Warsaw, Lodz and Poznan have joined the strike. Besides the Vistula railway, the Tezopol line and the light railways have been compelled to suspend service. **MARTIAL LAW IN COURLAND.** (BY DIRECT WIRE TO THE TIMES.) **MITAF (Russia)** Aug. 21.—Martial law has been declared throughout the Baltic province of Courland.

POLICE GET BUSY.
(BY THE ASSOCIATED PRESS.—P.M.)
ST. PETERSBURG, Aug. 21.—The police have at last applied a check to the activity of the central bureau of the league and confederation of professional reform organizations by descending today on a meeting of the Central Committee and arresting ten of the leaders present. In this committee are included university lecturers, doctors, engineers, lawyers and other professional men. The organization of which the league is made are composed of the most advanced reformers and since its organization the central bureau has passed through radicalism to the verge of revolution. Many of its later proclamations and appeals have been couched in terms almost as seditious as the Socialists.

TAGART CASE DRAGS. ATTORNEYS NOW ARGUING ON THE POINT THAT THE WOMAN HAS NO RIGHTS TO A DIVORCE.

(BY DIRECT WIRE TO THE TIMES.)
WOODSTOCK (O.) Aug. 21.—When the Taggart divorce case opened today, Attorney Sterling for the plaintiff, made an address to the court in which he claimed that Mrs. Taggart was a non-resident of Ohio, and has no right in court here to present her husband's petition, and that she cannot under the laws of Ohio be granted a divorce, being here by right only to make a general denial of her husband's claim. Sterling said Mrs. Taggart's cross-petition is really no cross-petition in that it does not state a cause of action and that no summons has ever been issued on the cross-petition and served on the defendant.

The whole matter is alleged to be based on Mrs. Taggart's answer when a witness in the Ridge case at the mayor's court the other night, in which she charged Roper with perjury and whereupon being called as a witness she answered that she had lived in Chicago, not giving Woodstock, O., as her legal residence. Judge Eason refused to dismiss the cross-petition.

PEDDLERS QUIT WORK.
New York Push Cart Shovers Go on Strike Because They Cannot Get Licenses.

(BY THE ASSOCIATED PRESS.—A.M.)
NEW YORK, Aug. 21.—A strike of 7000 push-cart peddlers on the East Side because only half the number, all members of an association, can obtain licenses and the rest are liable to arrest and a fine when they push a cart without a license. The peddlers say that they are discriminated against by the police and all the city authorities. According to the officers of the association, they have brought their case before the police, but so far without success. The trouble appears to hinge on the fact that only a certain number of licenses can be issued and the peddlers claim at least 1500 storekeepers in the crowded tenement districts have licenses which should go to the street vendors. As the latter supply perishable foodstuffs to thousands of families in the tenements, a strike in the summer months would be a serious matter.

MANY SCHOOL CHILDREN.
New York City Finds that She Has More Than She Can Provide Buildings for.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Aug. 21.—Although more new school buildings and additions have been constructed during this summer than in any previous season, in New York City there is serious apprehension among members of the board of education that when the schools of Greater New York are thrown open September 11, an unprecedented number of children are certain to seek admission in certain sections of the city and cannot be accommodated. In the boroughs there are new buildings and additions completed and under construction sufficient to provide sittings for 57,100 pupils—\$4,500 in elementary grades and 10,650 in the two new high schools. Several of these buildings will not be ready before the middle of the winter, but there will be at least 60,000 more sitting places at the opening of the term this year than last.

OBITUARY.

NEW YORK, Aug. 21.—Mrs. Mary Mapes Dodge, poetess, editor of St. Nicholas Magazine and author of several stories for children, died at her summer cottage in Onondaga Park, Tannersville, N. Y., today.

W. N. Bonham.
BAKERSFIELD (Cal.) Aug. 21.—W. N. Bonham, one of the best residents and a pioneer rancher of Kern county, died suddenly at his home at Wasco last night from a stroke of apoplexy. The deceased was well known throughout the State.

The San Jose pastor union yesterday unanimously accepted an invitation of the building trades council to march with the laboring men in their big parade on Labor Day.

THE REVOLT IN RUSSIA.
It is probable that the government feared the league was about to inaugurate a campaign against the duma. Paul M. Milukoff, at whose home near St. Petersburg the arrests were made and who was among those arrested, formerly was a professor in the University of Petersburg. He had just returned from a lecture trip down the Volga with the literature, Tahn, whose perils of the Volga, a novel, was the latest number of the weekly Provo. Milukoff was one of those arrested on January 22, last, along with Gorky, Annskey, and Resner.

SEIZURE OF "AUSTRALIA."
STEAMER, NOT TRANSPORT.
(BY THE ASSOCIATED PRESS.—A.M.)
SAN FRANCISCO, Aug. 21.—The steamer Australia, reported by cable from Tokyo to have been seized by the Japanese in Petroplovsk Harbor, is this harbor and along the entire Pacific Coast, she belonged to the Oceanic Steamship Company, and is chartered by Roth, Blum & Co. of this city. May 24 last she sailed from here for Petroplovsk in charge of Capt. Rensie. She carried 1000 tons of merchandise, valued at \$53,441, destined for various ports in Asiatic Russia. The cargo in part consisted of one hundred and thirty boxes of powder, 20,855 pounds of shot, 29,040 pounds of bar lead, 4,000 pounds of rice, 718 barrels of flour and 200 feet of lumber. It also included supplies of many other kinds in lesser quantities.

A member of the local firm which chartered the Australia for the Kamchatka Commercial Industrial Company, denied today that the vessel was out of the war zone, and said it did not have contraband of war on board. He expressed the belief that she would be released by the Japanese prize court, and added that the company was fully insured against possible capture. The vessel was built in 1875 and has been in active commission for thirty years.

PEACE

(Continued from First Page.)

While it is impossible to learn the actual contents of the government's communication to M. Witte, it can be declared that the requirements of the state make concessions of the questions of indemnity and Sakhalin, as those questions were originally presented by the Japanese, impossible. It is certain that in the matter of concession, the four points now in dispute have been considered and studied in the light of concessions Russia already has granted on the other eight articles.

The foregoing is a brief, but accurate outline of the platform upon which M. Witte will meet the Japanese plenipotentiaries today. Baron de Rosen's reports regarding his interview with the President have been received here, and their perusal by the government has only increased their feeling of gratitude and appreciation for the President's continued efforts. Baron de Rosen's communications to the Emperor are such as do not require a special answer.

HOPEFUL FEELING.
Hopeful feeling was especially noticed here yesterday that peace was still possible, and it is believed by some that Russia's answer will give material evidence of such a sincere desire to settle the matter. Japan will practically be forced to accept it, or appear before the world as utterly unreasonable and intransigent. It is believed that the questions of the surrender of interned ships and the limitation of Russia's naval power in the Far East will be satisfactorily settled.

There then remains the question of the payment of indemnity and the cession of Sakhalin by Russia. The first may be overcome by Russia following Japan's lead in avoiding the use of the word "indemnity," but consenting to make certain payments to Japan or other scores, the chief of these being Japan's bill for keeping 100,000 prisoners, which is expected to be very heavy. The sums mentioned as the possible payment on account of these prisoners range from \$50,000,000 to \$150,000,000.

Little or nothing is obtainable here regarding the possible disposition of the question relating to Sakhalin.

PRESENTATION OF PROTOCOLS.

WILL BE A FEATURE OF THE PROCEEDINGS TODAY.

Both sides give reasons for the faith that is in them and the attitude they assume. "Painters" from Portsmouth on the President's Powers.

(BY THE ASSOCIATED PRESS.—A.M.)
PORTSMOUTH, Aug. 21.—Both the Russian and Japanese have almost finished the preparation of the protocols to be submitted at the meeting of the conference tomorrow afternoon. The feature of the protocols is the presentation of the reasons advanced by both sides for the divergence of views upon the articles upon which no agreement was reached. In Article IV, the cession of Sakhalin, the Japanese claim that they are entitled to the island, as well by reason of their national rights to its possession as because of its present occupation by the Japanese forces. The Russians, on the other hand, claim that Japan has never claimed any right to Sakhalin, and at that time only twenty-five unmarriage Japanese lived in the south of the island during the fishing season. The Russian position is the possession of the entire island, the cession of the Japanese to the value of Sakhalin when he went there in 1854 and made good her claims, tried to colonize the island and during the fishing season, the Japanese had been in the island for a long time, as well by reason of their national rights to its possession as because of its present occupation by the Japanese forces. The Russians, on the other hand, claim that Japan has never claimed any right to Sakhalin, and at that time only twenty-five unmarriage Japanese lived in the south of the island during the fishing season.

AMERICA SUPPORTED JAPAN.
In 1859, Mouraviev, Governor-General of Amur, tried to persuade Japan to yield her claim to the southern part of Sakhalin, but did not succeed, as the Americans had already begun to support the Japanese in their attitude against Russia. The reports of all the Russian consuls in Sakhalin up to the year 1859, stated that the Japanese were colonizing the island and had failed because of the rigorous climate. The negotiations between Russia and Japan started in 1855 and continued for twenty years, ending with the treaty of 1875, by which the sovereignty of the island was divided between the two nations.

"EXPENSE MONEY."
With regard to Article IX, the protocol repeats the arguments already set forth several times in the Associated Press dispatches. The Japanese claim reimbursement for the expenses of the war, on the ground that they were forced by Russia's aggressions to resort to arms for self-preservation, and having been victorious at all points on sea and land, are entitled to reimbursement. Russia, on the contrary, absolutely denies that Japan is in a position to dictate such a condition, as Russia does not acknowledge defeat, and appeared at the conference, the Emperor is the Emperor, and her love of peace and her willingness to conclude on an honorable basis.

Russia declares that a claim for indemnity under the circumstances is unprecedented, and reviews the historic occasions where indemnity was paid. The Russian also states that Russia, throughout her history, has never paid a war indemnity, not even when Napoleon the Great invaded the Muscovite Empire in 1812 and occupied Moscow.

INTERNED WARSHIPS.
With regard to Article X (the interned warships) Japan insists that the surrender of interned warships is a precedent for a claim for the possession of property in safe-keeping of neutral powers.

NAVAL POWER.
Finally, with regard to Article XI, (the limitation of the Russian naval power in the Far East), the Japanese assert that it is indispensable to so-

PITH OF NEWS FROM THE MIDDLE WEST.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Aug. 21.—[Exclusive Dispatch.] Chicago sweltered under overpowering heat and humidity today, and there is no promise of relief from present conditions for tomorrow. The weather man, who has weather sense, will hang up his umbrella, arm himself with a palm-leaf fan and hunt the shady side of the street. The mercury hovered all day near the 90 mark. The maximum for the day was 89, and the minimum 60. Middle West temperatures:

EGAN WON'T COMPETE.
National golf champion, H. C. Egan, last night decided that he would not compete in the annual open tourney of the Glenview Club, which is scheduled to begin Wednesday.

EXPERT REFUSES DUNNE.
Blon J. Arnold, the Chicago traction expert and engineer, has refused to assist Mayor Dunne and a company of Dupont in their plan to build a competing street-car, from an authority to be organized in opposition to the present corporations.

sure a lasting peace. Russia rejects the whole idea, as being offensive to Russian honor and dignity. While declining, however, to place her hands to a treaty, Russia is willing to make declaration that she has no intention of attempting to threaten the naval position of Japan or any other power in the Far East.

RUSSIA VALUES SAKHALIN.
(BY THE ASSOCIATED PRESS.—P.M.)
PORTSMOUTH, Aug. 21.—The following statement from an authoritative source represents the Russian view of the military and strategic value of the island of Sakhalin.

To appreciate its military value, it must be borne in mind that the island, which is about six hundred miles long, lies almost against the mainland, being separated from it by the Strait of Tartary, which in some places is only four miles wide. Physically, it might almost be considered a part of the Asiatic continent. To allow Sakhalin to pass into the hands of Japan would be like America allowing Long Island, including the city of New York, to pass into the possession of an ambitious foreign power. The danger from Sakhalin passing to Japan would, in fact, be the danger to the United States, as the island is a base for the Japanese navy, and from it they could launch a formidable military and naval attack upon the mainland and the Pacific through the Sea of Japan.

The island has an area of between sixty and sixty-five kilometers, and although its general shape is that of a fish, at certain points its width is only a few miles. It is a very peculiarly adapted for offensive and defensive purposes. It could be easily transferred into a formidable military and naval base, and its position is such that it might be launched and efficiently supported. Little use has thus far been made of the island. The population, however, is about 100,000, and it is a very fertile land. It is a very peculiarly adapted for offensive and defensive purposes. NOT "ARBITRATION."
(BY THE ASSOCIATED PRESS.—A.M.)
PORTSMOUTH, Aug. 21.—Witte took occasion this morning to deny that the President had proposed that the existing differences be submitted to arbitration. The statement made in the Associated Press dispatches last night that the President had proposed that arbitration was the question. The President primarily wants the two countries to continue to try to adjust their differences themselves and by concessions reach an agreement, but, according to the Associated Press information, suggests the point of arbitration as a possible final method for arranging any points remaining in dispute. The President's role is a very delicate one, and what he has done is to be called in counsel such advisers as he deems wise, some of his relatives, the Grand Dukes, members of the Imperial family, and others. The Grand Duke Nicholas, one of the most powerful of his relatives, is known to be absolutely opposed to yielding an iota beyond what Witte has already conceded. As an alternative, he favors the continuation of the war.

The Japanese, with general reluctance, seem almost resigned to the shipwreck of the conference. They declare that their position is unchanged, and they speak of renewing the war with a snap of their black eyes which speaks volumes for their confidence in the success of Oyama when the word is given to advance.

ONE HERO DROWNED.
(BY DIRECT WIRE TO THE TIMES.)
LAMAR (Mo.) Aug. 21.—[Exclusive Dispatch.] Luther Cooper and a boy, Eugene Pratt, were swimming above the dam here. They had a dog with them. The dog was washed over the dam into a whirlpool below. Thinking the dog was drowning, they went around the dam and jumped into the water. The boy was revived, but Cooper was drowned.

RAILWAY BROTHERHOODS.
(BY DIRECT WIRE TO THE TIMES.)
BURLINGTON (Iowa) Aug. 21.—[Exclusive Dispatch.] A general conference of delegates representing the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen, and the Order of Railway Conductors was held here behind closed doors, last evening, the purpose being to formulate some plan by which a central federation of the four orders can be formed.

FOUND BROTHER'S CORPSE.
(BY DIRECT WIRE TO THE TIMES.)
UPPER SANDUSKY (O.) Aug. 21.—[Exclusive Dispatch.] This morning, John Moore, attracted by an odor, raised the boards of a barn floor and found the decomposed body of his brother Sigel. The latter disappeared a month ago, and hundreds have been searching for him. Murder is suspected.

QUAKES IN ILLINOIS.
(BY DIRECT WIRE TO THE TIMES.)
SPRINGFIELD (Ill.) Aug. 21.—[Exclusive Dispatch.] A distinct earthquake shock was felt in this section of Illinois at 11:12 o'clock tonight. Houses rocked, and the disturbance lasted fully a minute, according to the testimony of some people. At Champaign, south of the city, the shock was particularly noticeable. The shock was felt over a wide area of Illinois and Missouri.

PORTSMOUTH "POINTERS."
(BY THE ASSOCIATED PRESS.—P.M.)
PORTSMOUTH, Aug. 21.—If M. Witte does not receive fresh instructions before 3 o'clock tomorrow afternoon, when the conference resumes, the situation will be exactly what it was when the adjournment was taken Friday. It is safe to assume that, in the absence of such a reply, the conference will be prolonged beyond tomorrow, and every delay, in the opinion of the President's friends, means hope, faint though it may be. The President's position is not so favorable as being to "prolong the negotiations."

There is warrant for the statement that Witte personally sympathizes with the President's proposition, no matter how it may be regarded by his advisers. Throughout the conference, he has been calling in counsel such advisers as he deems wise, some of his relatives, the Grand Dukes, members of the Imperial family, and others. The Grand Duke Nicholas, one of the most powerful of his relatives, is known to be absolutely opposed to yielding an iota beyond what Witte has already conceded. RAILROAD RECORD.[illegible]

er, St. Louis.

THE CITY IN BRIEF.

NEWS AND BUSINESS.

Admitted to Bar.

Ruben S. Schmidt, a native of this city and graduate of the law department of the University of Michigan, has been admitted to the bar of Los Angeles and will be associated in practice with J. L. Murphy.

Macabees Picnic.

The Macabees will picnic at Playa del Rey Thursday. Special cars over the Los Angeles-Pacific will be furnished for 2000 people. The day will be spent in boating and athletic sports, and a military drill by the ladies' drill team, and the evening in dancing.

Musicians' Concert.

Seventy-five local musicians will be the guests of the Donatelli Band at Chutes Park tonight, and for the occasion the Italian director has arranged an special programme, comprising extensive excerpts from operatic repertoire, and the minor compositions of the classic masters.

His Trouble in Lexington.

D. L. Peters of this city, said to be a real estate agent, is attempting, through the courts of Lexington, Ky., to secure possession of a child from divorced wife, and through a writ of habeas corpus has compelled his former wife to bring the child into court, where the case is still pending.

Detectives Suspended.

Detective Benedict and acting Detective Leon, two well-known officers of the police department, were suspended yesterday for neglect of duty. The specific charge is that they found time when supposed to be out at work on a case to step aside and play poker. Leon will be held suspended at the will of the Chief and Benedict will have to answer to the Police Commission.

Nearly Bled to Death.

Quarrelling over the payment of 10 cents, E. C. Montijo, keeper of a North Main-street tangle stand, and M. C. Mahan, a Southern Pacific employee, finally resorted to blows last night and Montijo hurled a cup at his adversary. The cup broke and cut an artery in Mahan's neck. The injured man ran down the street and nearly bled to death before Patrolman J. J. Murphy overtook him and sent him to the Receiving Hospital. Montijo was locked up.

Old Soldier's Death.

An old soldier who registered at the Maytag Hotel last night as George Blake, was found dead on his bed yesterday morning. In his pocket was found a check signed by George Blake, but the name on the pocket-book was M. R. Coleman, and he had a commutation ticket on the electric road in the same name, indicating that Coleman might be his real name. The coroner's surgeon made an examination and determined that the man had died from a stroke of apoplexy.

Butted Into Car.

Walter B. McLaughlin, a clerk employed in the auditor's office of the Santa Fe road, tried to avoid striking a woman while he was coasting down Third street near Broadway on a bicycle early last evening, and because the brake on his wheel failed to work he ran headlong into a passing Grand avenue car. McLaughlin was thrown directly under the wheels of the car, but the motorman quickly stopped and the luckless wheelman escaped with a few cuts and bruises. His injuries were attended at the Receiving Hospital.

Death of Don Manuel Rivas.

The friends of Dr. and Mrs. Victor A. Rendon will be pained to learn of the death in this city yesterday of Don Manuel Rivas y Medina, the father of Mrs. Rendon. Don Rivas was a native of Merida, the capital of Yucatan, Mex., where he had been a highly respected and influential citizen for many years. It was his custom to make frequent visits to Los Angeles to visit Dr. and Mrs. Rendon, and these visits have always been a source of pleasure to friends here. The funeral will take place at No. 1021 Seventeenth street tomorrow at 2:30 p.m.

Jackson, C. L. Lewis, Mrs. Marion Clark, A. Fugate, J. D. Purcell, J. H. Williams, G. H. Fralshing, G. E. Snyder, John Schuler, Fred Bell, Kate McLaughlin, Miss Blanche Spencer, S. T. Arkile, Mrs. Lloyd Allen Johnson, John Weldenbeck, Gus Geronsonson, Peter Fleming, E. S. Gordon and Chris Tooley.

Building of Warships.

Hitherto warships have been built in United States yards about as quickly as abroad; but there is a growing disposition in foreign countries to hasten matters. A writer in "Cassier's Magazine" insisted last October that one year was enough, and he mentioned two or three vessels which had been built for the British navy in less than twenty-four months. Indeed, two years is the contract limit for the new English battleships, displacing 18,000 tons and carrying by far the most formidable batteries in the world. Obviously, if better vessels than any now under construction in American yards can be completed on the other side of the Atlantic in that time, it is possible to duplicate the achievement here. Within the next decade perhaps the time will be shortened even further.

Two great advantages would result from such a reform. Ships would be built more economically, and they would be more nearly up-to-date in design, armament and appointments. When five or six years are permitted to elapse between the planning of a new vessel and putting her in commission there is a danger that, at the very opening of her career, she will be less competent to cope with a possible adversary than if she had been built more rapidly. The shorter the time spent in her construction the more modern will be the ideas she embodies. (New York Tribune.)

Telephone The Times.

If in need of overlooked, a Times classified advertisement will be run for a cent a word, and the whole transaction can be completed by phone, day or night.

SHOTS HIS WIFE'S FATHER.

VENIEN PISTOL AFFAIR ON SANTIAGO CREEK.

Joe Murillo, After a Quarrel With His Father-in-Law, Empty Revolver at Him and Inflicts Dangerous Wound—Shooter Then Surrenders to Officers.

SANTA ANA, Aug. 21.—A shooting affray that may yet result fatally occurred last night at the camp of José Murillo in Santiago Creek. The victim, as the result of a family quarrel, shot his father-in-law, Joe Molino, through the breast.

Murillo's wife, who has been living apart from her husband for several months, went with her father and children yesterday afternoon to see Murillo at his tent camp on the creek. In the course of the visit Murillo and his wife's father, Molino, became engaged in an altercation and the former whipped out a 44-caliber revolver and shot the old man in the breast. The bullet entered the right breast, just below the ribs and lodged in the back muscles.

As soon as he had fired the shot, Murillo came to town and surrendered to the officers. He was later removed to the hospital, where surgeons were unsuccessful in probing for the bullet. It is thought that his chances for recovery are good, but that the vital organs are injured by the ball.

Murillo says that he shot at his father-in-law in self-defense after the old man had drawn a knife and made a rush to stab him. Other witnesses deny that Molino made aggressive movements against Murillo and say that the shot was fired without provocation. It is asserted that Murillo believed his father-in-law responsible for the separation of himself and wife and on that account he resented the old man's attack against the old man for a long time.

JAP'S DEATH DRAMATIC.

K. Hirahiba, a Japanese laborer in the employ of J. H. Cole at the Bolsa Chica Gun Club's properties fifteen miles southwest of here, was killed last night shortly before 10 o'clock by being thrown from a horse and dragged, with his foot caught in the stirrup. The man, who is 32 years of age, has been away from his family in Japan for about ten years. Yesterday a boy from his old home town arrived at Smeltzer, bringing greetings and presents to Hirahiba from his wife and four children. Hirahiba rode ten miles from Bolsa Chica to Smeltzer by horseback to see the new arrival and late in the evening on the return trip to his home the accident occurred.

At the first leap of the horse the Japanese was thrown from the saddle, his head striking a fence and his right foot caught in the stirrup, and while the horse galloped madly homeward the body of the dying man was dragged along, the head striking the fence at every bound. Death must have resulted long before the horse and the corpse arrived at the Gun Club barns, where some of the employees discovered the fatality.

The body was brought here this morning and an inquest was held by Coroner Smith. The man was found at the Santa Ana cemetery tomorrow morning. Rev. Janlio Iamada of Los Angeles will conduct the burial service.

AFTER ARMED SQUATTER.

A telegram from Capitran was received at the District Attorney's office this morning, calling for a special officer to assist in corraling a fighting maniac by the name of J. Daniel. Daniel is a Mexican, without a face and without money, but he believes that he has become the heir to rich properties at Capitran. He has frequently, in a haphazard manner, attempted to take possession of his supposed lands, and in every case has been peaceably ejected. Today, however, he armed himself to the teeth, seized a piece of ground and when the officers went after him, was holding it against the owner and all comers.

Constable Smithwick, after investigating the case, made no arrests as Daniel, although occupying the land, was not creating a disturbance and would have been reached by civil process. Although armed, he does not offer violence and says he is on the land because he has a legal right, but is believed to be unbalanced mentally, but the case is evidently one where a squatter has occupied a piece of disputed property and cannot be evicted without establishing the title of the land.

SELF-STARVED—ARRESTED.

Shriveled to a skeleton from a four weeks' diet of raw clams and roots of plants, Arthur Priestly was arrested today in his dugout at the head of Newport Bay on a charge of insanity. The complaint was issued at the instance of Tom Harlin, who, with other ranchmen of the district, has observed the man about the headwaters of the bay for several weeks. When the officers came upon him this morning he was in a miserable half-cave under the edge of one of the cliffs, groveling on a bed of dry tules. Clam shells were scattered all about the place and on his own statement this has been his only article of diet for more than a month. His only possessions were a testament and a box of matches.

Priestly states that he is 30 years old and until he came to Newport Bay lived with his father, John Priestly, carpenter, on Pecan street, between Third and Fourth streets, near Boyle Heights, Los Angeles. His brother-in-law, named Robinson, lived in the same house, and Priestly says that it was on account of troubles with Robinson that he left home.

The man is evidently mentally unbalanced and if his relatives can be found and are willing, Priestly will be sent to Patton. From his rambling talk it is thought that he is a religious man. His physical health is in a precarious condition on account of exposure and starvation. When arrested, he had barely strength enough to support his emaciated frame.

TWO WEDDINGS.

The marriage of Mrs. Annie L. Cook and Arthur L. Burns, both residents of Pomona, was celebrated yesterday afternoon at the home of the bride's father on South Main street in the presence of a few intimate friends. Rev. W. L. Weber performed the ceremony. Mr. and Mrs. Burns left today for a short honeymoon before returning to make their home in Pomona.

John P. H. Boyd and T. C. Hunt, both of Los Angeles, were united in marriage at the County Clerk's office today by Justice to the Peace Smith-

THEY EAT VENISON.

Several parties of local Nimrods have been successful this year in securing an ample supply of venison for their camping trips.

A group of hunters in Bell Canyon, including Dr. M. A. Patton, Dr. McElroy, James Harding, Ralph Sutton and Elmer Biers, shot two fine bucks during the first week they were in camp, and have had enough fresh meat to share with their more unfortunate neighbors. Another party composed of L. H. Cone, J. J. McFadden, Herbert Walker and George S. Hinckley, got two deer farther back in the mountains, and a number of other sportsmen have succeeded in landing a single buck apiece.

DOG STORY SUSPECTED.

A. McLakin, the insurance man who recently tried to end his life with a notion of carbonic acids, was arrested Saturday evening and fined \$10 for carrying concealed weapons. McLakin protested that he wanted the dog to shoot a troublesome dog on South Main street, but his actions were suspicious and he was taken into custody.

ANAHEIM.

ALLIGEE HE'S A WIFE BEATER.

ANAHEIM, Aug. 21.—A complaint has been filed in the Superior Court of the local justice court, charging him with battery upon the person of his wife, who died a few days ago. She was twenty-seven years of age. She had a number of small children. The officers have been informed that Somera beat his wife several times, and that this brought on the illness which caused her death. The officers are looking into the matter, and if they find the reports in circulation are true they will drop the battery charge and file one much more serious.

ANALOGY BUDGET.

John Rupine, Walter Scott and L. Kroeger were arrested today on charges of killing doves in the hills. A number of local hunters are raising a purse this afternoon, and it is said the boys will fight suit to a finish and make it a test case.

Alonso M. Green, aged 69, a well-known resident here, died at his home on Broad street last night, and was buried here this afternoon.

John M. Newman of Los Angeles, a Southern California business man, was engaged in the jewelry business at Santa Ana. He married a Miss Tower, sister of A. Tower, formerly of Fullerton.

Otto Storm, cashier of the First National Bank, and family will go to Newport this week for ten days' outing.

E. P. Jeanes, engaged in mining near Seelye, is visiting friends here for a week.

Mrs. E. Bertinger has purchased the lot at the corner of Broadway and Philadelphia street, and will erect a neat residence on the property.

HUNTINGTON BEACH.

CELEBRITY LAND SELLS.

HUNTINGTON BEACH, Aug. 21.—A land sale has been consummated by Corbett, Gate and Anderson for Fresno clients who have purchased ninety acres of the Thomas H. Thompson ranch. The price is reported to be \$25,000. This tract is situated in the Huntington Beach district and has been under cultivation the past four years, corn having been planted extensively with a part of the proceeds. The tract is reported that the entire tract will be set to celery, the culture of which is the most profitable agriculturally to which this character of soil is well adapted.

SHOULDER JOYS.

W. A. Williams tried to burn coal oil in a gasoline stove today and burned his right hand severely before he extinguished the flame. He ordered a can of gasoline and although he received a severe burn, he poured the tank of his small stove full without discovering the difference.

The steel cell bought for this town by the Supervisors is to be set in a barn on the corner of Third and Olive streets. W. D. Seeley, Justice of the peace, looks confidently forward to some return from his office, which has carried few perquisites to date.

Capt. A. H. Johnson of Monrovia, visited here today in behalf of the Southern California Veterans Association. Capt. Johnson serves on the transportation committee for the encampment which will open here September 5.

TAKE CAR FIGHT INTO COURT.

DISTRICT ATTORNEY DECIDES IN SAN BERNARDINO.

Says That is Course to be Taken by People Protesting Against Traction Company Hauling Steam Road Freight Cars Over Its Lines. Not Opposed to Ordinary Traffic.

SAN BERNARDINO, Aug. 21.—The electric freight-car franchise troubles will have to go to the courts for settlement. This decision was rendered this morning by Dist. Atty. Sprecher, the problem being passed up to him by the Board of Supervisors. When the board met this morning there were present a number of citizens from Highland with a mile-long protest, stating their objections to having the San Bernardino Valley Traction Company run freight cars over its line where it passes through the principal residence street of Highland.

In this instance the franchise under which the Traction Company operates is silent as to whether or not it is the only way to settle the matter in dispute would be to carry the question into the courts.

The board will be reached when the Traction Company attempts to operate freight cars on this route. Then the citizens will step in with an injunction suit, which, if necessary, will be fought through all the courts of the State up to the Supreme Court.

The objections of the Highland citizens are not against the Traction Company carrying freight, but against the hauling of big freight cars belonging to the steam railroads over their tracks. It is the opinion of the San Bernardino Board of Supervisors that the Traction Company is to give the Highland a new franchise, which is now exclusively Santa Fe territory, but a majority of the protestants oppose the advance of the Southern Pacific simply because their road wishes to use a residence street for its advent.

OLD, OLD SURE AGAIN.

George Gardner this morning filed notice of appeal to the Appellate Court of the suit brought against him by the Hesperia Land and Water Company. The action was instituted five years ago in the township court of Hesperia to collect \$33.50 from Gardner and his wife, on the allegation that they owed the money for water rent. Four times it was tried in the township court, and each time the decision was reversed by the Superior Court on account of some technical error. The Superior Court finally tried the action, giving judgment for the plaintiff, and denied a motion for a new trial. The appeal follows.

CATCH VAGRANT ESCAPE.

William Moore, vagrant, committed to the County Jail seven days ago for being drunk, escaped from Sheriff Thomas Smithson at Elstow this morning. The officer had four prisoners in his custody, and when he saw Moore, reporting the escape to the Sheriff, Deputy Sheriff Charles Ward was sent to look for him. A short time later he was found in a cornfield, and was considerably frightened to think that he might have come to jail in a passenger car, but instead rode in on a brakebeam.

SORROWS OF CUPID.

Through Attorney C. B. Morris this morning, Nellie M. Kilborn filed a suit for divorce from John M. Kilborn. The grounds are desertion.

WIFE SAVED BY NEIGHBORS.

RAMPAGE OF DRUNKEN TOTEM MAN AT RIVERSIDE.

Typographical Union Convention Not a Harmonious Body—Redlands a Sore Spot Because Its Newspapers Refuse to Take Dictation from the Labor Bosses.

RIVERSIDE, Aug. 21.—Without the interference of neighbors, serious injury would have resulted to Mrs. Henry D. Lawrence from the assault made upon her by her husband at their home, No. 142 East Eighth street, last night. The husband, a member of the Typographical Union, employed as a linotype operator, Saturday evening began a premature celebration over the convention of union journalists, which was held here yesterday.

Lawrence arrived home between 11 and 12 o'clock, creating a disturbance. His wife is in a delicate condition, and a servant girl, fearing that the assault would result in permanent injury to her mistress, aroused the neighbors. In response to the call for help, neighbors came to the rescue, and the disturbance, and preventing further injury to Mrs. Lawrence.

The latter when seen this afternoon was too ill to answer the reporter's call, but from her couch attempted to make light of the assault. "My husband only drank a part of a glass of whiskey," she said, "and had no one been for the servant girl no one would have known of the affair."

The neighbors who assisted the home, however, differ in their views of the disturbance, and commend the servant for arousing them before the husband had done serious injury to his wife in his intoxicated condition.

TOTEMITES NOT HARMONIOUS.

There was no such degree of harmony existing in the convention of delegates to the convention of typographical unions held in Riverside Sunday as reports to a Los Angeles newspaper would lead one to infer. The delegates were not a little mixed over the fact that one city in Southern California will not submit to the proposed eight-hour rule which they desire to effect on January 1, 1926. Redlands is the only city in the union which has caused the disruption of the delegates. Reports from there today state that the local Typographical Union is about to breathe its last, and that the delegates will continue their affiliation with the union to join the organization at San Bernardino.

The two daily newspapers in Redlands are known as "open shops." A statement from an authentic source there today to The Times correspondent was to the effect that the only union men given steady employment are linotype operators, while the balance of the working force is composed entirely of non-union men.

"We employ good laborers, be they members of unions or not," said a person in authority in the Redlands newspaper, "and we will not pay attention to this eight-hour nonsense, because it is of no interest to us, and we will continue to issue our newspapers without interference."

ADMITTS HE PLAYED DUEL.

Marshall J. D. S. Beach of Corona, arrived here this afternoon, having in custody Manuel Ferro, who proudly admits that he came within an ace of ending the life of A. Marron, an Indian at Corona. Residents along Sheridan street were given early this morning by the police for help emitted by Marron. Joseph Corrella, who resides in the vicinity in which the encounter took place, overheard the challenge to a duel issued by Ferro. The Indian informed his persistent antagonist that he was a warrior, but was beaten by liquor the Mexican took aim at a distance of forty feet and discharged a bullet which struck Ferro in the chest, and the bullet inflicted but slight injury, merely grazing the Indian's forehead. The latter rushed to the home of Marron's wife and Ferro was soon under arrest.

At his preliminary examination Ferro admitted that he had played the game, but denied that he had intended to kill Marron. He was held for such a declaration. He was held to the Superior Court under bonds of \$500 on a charge of assault with a deadly weapon with intent to commit murder. He could not furnish bail. Both men have been previously arrested.

COZZETTO IS HELD.

Frank Cozzetto was bound over to the Superior Court for trial on the charge of sodomy by Justice Stephenson of Riverside this morning, and failing to

furnish bonds of \$500 was remanded to jail. At the preliminary examination Nino Correll, the 12-year-old son of Nino Correll, the complainant, told his story of the alleged assault made by the defendant in the tent which they occupied together in a camp near Arlington. The lad told a straightforward tale, convincing the committing magistrate that he had not been prompted to figure as the complaining witness for reasons other than genuine. It is believed that the case will be tried in the Superior Court.

ROOMERS IN THE RUBBIDUS building heard the strains of the latest popular songs circulating about the halls of this structure at 4 o'clock this morning, and after repeated failures to induce sleep arose en masse to investigate.

The sight which met their gaze was startling. Mary Jordan, a waitress who has been employed in a local cafe, was strolling deliberately throughout the corridors of the place, garbed only in her night clothes. The girl had suddenly become demented, and was possessed with an insane desire to sing all the latest compositions.

When an attempt was made to silence her return to her room the girl fought her captives so fiercely that none of the roomers felt equal to the task. The officers were finally called in, and the young woman taken to the County Jail. Her condition was not improved this afternoon, and upon a hearing she was doubtless be returned to the asylum for the insane, from which institution she was released a few months ago.

Coronado rates as low as \$17.50.

VENTURA.

SCORES SUNDAY BASEBALL.

VENTURA, Aug. 21.—Rev. Rogers of the Presbyterian Church of this city yesterday scored Sunday baseball by saying: "I would as soon set fire to this church as to be seen at a Sunday ball game. Christ set aside the Sabbath as a day of rest, and the moral of the game is that children are tainted on account of this lack of Sabbath observance on the part of parents. The man who robs God will rob man, and the man who disobies the laws of God will disobey the laws of the State."

GRAIN TURNS OUT WELL.

Wheat and barley thrashing is now in full blast along the Santa Ana and Kern rivers, where the crop is turning out well. The price this season promises favorably, as the Mahan wheat crop in that section brought \$1.41 per cental.

Hotel del Coronado greatly improved.

KIDNEY TROUBLES

Increasing Among Women, But Sufferers Need Not Despair

THE BEST ADVICE IS FREE

Of all the diseases known, with which the female organism is afflicted, kidney disease is the most fatal, and statistics show that this disease is on the increase among women.

Varicocele. I cure in 4 to 6 days. Many men have cured successfully for varicocele. My treatment is painless and results are complete and forever.

Contracted Diseases. I cure the right way, and for all. I remove all urethral obstructions, inflammation and soreness, and restore the membrane to a healthy condition, usually in 10 to 15 days.

Failure to cure quickly these conditions is due to harsh measures, which are the direct cause for chronic conditions. My treatment is the most cleanly and perfect known. I cure Gonorrhea, Syphilis, and all venereal diseases, causing functional derangement, impairing strength and vitality.

I Am a Man!

No matter how weak you are; how full of aches and pains; how feeble and old in your actions, you can be made a stronger and better man by wearing my Electric Belt while you sleep.

Pick out the men who have worn my Belt. See them with heads erect, chest expanded, the glow of health in their cheeks, courage in their hearts and a clasp of the hand that tells you "I am a man."

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing old before your time? Are you nervous, sleepless, short of memory and lacking in spirit and self-confidence? Do you know you are not the man you should be?

If so, I can cure you. What you lack is just what electricity supplies. My Belt will cure you, and if you will come to me you will soon be one of "DR. McLAUGHLIN'S MEN."

I believe that the best evidence is the word of an honest man who says "YOU CURED ME."

Mr. James P. Davis, 700 Devisadero street, San Francisco, says: "Twelve years ago I injured my back in an elevator accident, which incapacitated me from labor for over a year, after six months in bed. Since that time I have not been myself. My back troubled me and I was weak. I doctored and doctored, without any benefit. I heard of your Belt and asked my doctor about it. He told me it was no good. I thought I would try it, anyway, as the doctor could not help me. The effect was marvelous. After wearing for three months it cured my back, and now I feel as strong and capable as any man, young or old. I cannot praise it too highly, and will advise every man weak or in pain, to use it and not be persuaded against it by any doctor."

Come to me and let me cure you. Twenty years of my life have been devoted to my trade, and I have made my Belt popular with people who are tired of drugging. I cure while you sleep. It's easy and pleasant. My Belt gives a current of electricity to the spine, and a heating and stimulating effect. I have a nicely illustrated book which every man should read. I will send it closely sealed, free, if you send this ad.

Call if you can.

DR. M. A. McLAUGHLIN, 129 S. Spring St., Los Angeles. Please send me your book free. 8-10-03

There'll be no guessing, and you will note improvements from the first. My methods are not secret methods. I obtain prompt results by knowing what to treat and how to treat. The improper treatment of any disease brings on a chronic condition. When I treat a case it is with entire confidence that I will effect a complete cure.

TO ALL WHOM IT MAY CONCERN:

I'm a native son of the Golden West.
A "gentle" son of the Golden West.
And a glint of the sun in this southern clime
Has touched the hair of my head.

A hint of that sun I put in my smile
When I greet you and ask for your dime.
Then I tell you I'm working the scholarship
Deal.

So you'll surely subscribe for the "TIMES."
Early and late I am working alone.
By the "skin of my teeth" I am nine,
But I'm aiming at eight, then seven, then six.

For it's never the top I would shine.
"Are you taking the 'TIMES'?" is my com-
mon cry.

No paper with it can compare:
You'll be getting the worth of your money—
and more.

You'll be saving a boy from despair.
A five-year subscription a wonderful thing.
But I'm grateful for one or two for two.

Yet I can't help but wonder just how it
would seem to be five—wouldn't you?
E. V. WELLS.

Neither of the leaders reported any
progress yesterday. But St. Clair Mor-
ton of Santa Barbara added 2300 points to
his score, which puts him within 2435
points of Arthur Carpenter, "the Little
Giant of Compton." Three new yearly
subscriptions will land Morton safely
in second place, and Santa Barbara is
generous with her only son in the
scholarship race.

Orestes O. Orfila, the Arizona boy
who is doing himself and the Territory
great credit, made the record of the day
yesterday with a report of 4280 points.

Myrtle Graham, the Covina maiden
who has visited a number of localities
in her quest for votes, took second
honors for the day with a report of
3871 points.

arrived in your wonderful city, I have
become profoundly interested in its
people and things. Among the very
many things that have impressed me is
the proffer by your enterprising jour-
nal of a choice of scholarships to
worthy contestants in competition there-
for. It is a splendid idea. It was my
fortune to meet recently one of the
noble boys who is striving with all his
might to win. I was surprised to hear
him speak in the kindest terms of his
rivals, regretting that anyone should
be disappointed, yet hoping to reach a
high mark for himself. The name of
this lad is Earle Veller. I learned that
he is a son of the Rev. Dr. Veller who
founded Occidental College, and served
as its president, doing most of the
work without pay until his death. Many
of the Presbyterian congregations in
Southern California were cared for by
Dr. Veller without charge. He was the
first pastor of the Long Beach Presby-
terian Church. It does seem fair to
expect that the large number of Pres-
byterians who have known Dr. Veller
during his days of self-sacrificing toil
will do what they can now to help the
splendid opportunity The Times af-
fords to help his worthy young son
into the college which he founded.
Young Veller is struggling against
odds most bravely. He is wearing him-
self out, and will be in poor condition
for study in college if anyone who
ought to support him do not show up
promptly and liberally. Let the Presby-
terians of Los Angeles, Long Beach,
Santa Barbara, Pasadena, and the
score of other prosperous communities
hereabouts renew their subscriptions,
or subscribe anew, making sure. The
Times is informed that Earle Veller is
to have the benefit. At least they should
send in their coupons filled out for him.

**Women's \$3.50
Sample Oxfords
at \$2.45**
Interesting Story With
a Point to it

The "Ebel" shoe for women is known all over Southern California and we are the exclusive dealers for the "Ebel" shoe made solely for us. Every once in a while some manufacturer states that he can supply us with a better shoe at the same price. If it can be done, naturally we are willing. We sell thousands of pairs of the "Ebel" yearly and any factory would like to be an order. The latest aspirant for the business went so far as to make up ONE THOUSAND PAIRS, and left it to our judgment as to merit. While we admit that they are as good as most shoes sold elsewhere at \$3.50—THEY ARE NOT AS GOOD AS THE "EBEL." So we have bought them all as samples, and feature them as a sale feature today:

Women's Summer Shoes of Vici kid with patent tip; turned or welled soles; either Gibson or Oxford ties; also tan and brown kid Blucher Oxfords; and white Duck, welled and turned sole Oxfords with high, low or medium heels; widths in 1-8, 1-4, 1-2 and whole sizes from 2 1-2 to 8. Priced at, choice

IMPORTANT ANNOUNCEMENT

We have decided to make a daily exhibit in one of our show windows not apart for the special purpose for a line of exceedingly

SEASIDE SCHOOLS.

Popular Institutions at Long Beach and Ocean Park—Fully Equipped Colleges.

A rather ambitious venture in the educational line is the Private Schools Company, now being incorporated for the purpose of carrying on private schools. Right at the outset, the company will control four schools—the Business College and the Conservatory of Music at Long Beach and the similar institutions at Ocean Park. The Long Beach Business College is the oldest of these schools, having been established in 1902, when Long Beach was a town of less than 2000 population. The school today is occupying quarters that were especially designed for its use in one of the best buildings in Long Beach. The Ocean Park school is located in a new building on Pier Avenue. The plans were drawn to meet the requirements of the school, and the rooms will be admirably adapted to the work. The matter of light and proper ventilation were duly considered. The rooms are to be ready for the opening of the regular school year Monday, September 4.

The schools of music, art, elocution and languages will be made especially strong, and some of the best teaching talent in the country in these lines will be on the faculty. Among the teachers already engaged may be mentioned the following: Corinne B. Bailey, Olaf M. Hicks, Elizabeth DeWitt, Trumble, Mrs. P. D. Wilson, whose husband is Sarah Tracy; Francis Zimmerman, Julia Florence Lyons and Carrie M. Gray. There are several teachers yet to be selected. Great care will be exercised to keep the standard high.

The Private Schools Company is to be incorporated with a capital stock of \$25,000, of which amount \$10,000 has been subscribed. The stock will be held by the different teachers engaged in the work.

There is no reason why this venture should not meet with instant success. In fact, the schools are already successful institutions, and with the good management that is promised and ample capital, they should be made even more successful. Long Beach and Ocean Park citizens feel that they are to be congratulated on having these schools, as they will attract a very desirable class of young people to these towns.
